

MIDNIGHT IN LONDON

G Bm G Bm
Come with me baby we're leaving this joint, let's get away from the noise

G Bm F C Cm
Never had such a good reason to hear your voice

G Bm G Bm
You and me baby let's wonder the streets like we're the last ones alive

G Bm F C D
Never had a such a good reason to swing that old jive

G D Em Bm C Cm
Because I like midnight in London when I spend it with someone like you

Ride with me baby the Jubilee goes to London Bridge Underground

G Bm F C Cm
In just a stroke how my darling we'll paint this whole town

G Bm G Bm
See with me baby the balcony view of sleeping fire flies

G Bm F C D
Never had such a good reason to open your eyes

G D Em Bm
I want to stay right here in this moment never face the commotion

C D G D
How I wish time could be frozen I do

G D Em Bm C Am Em D
Because I like midnight in London when I spend it with someone like you
